

## What We Do

Snowbird Agility, Inc. provides consulting and implementation services for process and technological efficiency. We specialize in supporting the full development lifecycle from idea conception to product delivery using Agile methodologies.

Snowbird Agility is a Veteran-, Woman-, Minority-Owned Disadvantaged Small Business with CVE VOSB and SBA WOSB certifications.

## Core Competencies

- **Agile Transformation**  
Increase transparency, identify and improve workflow inefficiencies. Snowbird Agility helps put you on the path to a successful transformation or bring you to the next step in your Agile journey.
- **Agile Coaching**  
Coaching fosters long-term implementation and sustainable workflows. Snowbird Agility offers coaching to executive leadership, development teams, and supporting functions, facilitating successful transformation.
- **Training & Certification**  
Establish industry-recommended practices through individual and organization-wide training and certification. Snowbird Agility provides Agile certification training through SAFe® and staffing of Agile practitioners.

## Differentiator

What sets Snowbird Agility apart is our carefully-selected staff of world-class Agilists. Snowbird Agility is hyper-focused on providing value early and often. While staying true to Agile principles, we customize a roll-out that fits your culture. Our strong, seasoned team of Agile practitioners understand what needs to be done to ensure a successful long-term transformation. **Does the following describe your organization? If not, contact us.**

- Are your teams delivering something usable and valuable frequently?
- Is there a fully transparent connection between your vision and all of the work being accomplished across programs, and can you see the status of that work at any given time and day?
- Do you have a long-term, data-driven roadmap in your Agile implementation?
